In the Social Realm

Society News.

Please phone all news items, society or otherwise, to the Tidings, No. 29. It is often necessary to leave late items over until the next issue, so as to insure insertion please phone them in as early as possible. The Tidings goes to press early each Monday and Thursday afternoon and items must be in and in type by noon if possible.

Mr. and Mrs. R. M. Hedges and Mrs. Bessie Wilson were guests at the O. J. Stone home Sunday.

Dr. Bertha Sawyer is back from a vacation trip. She visited her sister at Klamath Falls and also visited in Lake county.

Mrs. Bert R. Greer and daughter Elberta and Miss Margaret Tomlin have gone to Wagner springs for a week's outing.

E. A. Estes and family and Mrs. J. P. Cornelius expect to leave tomorrow for a trip to Crater Lake, going by auto. They will probably be absent about a week.

Mr. and Mrs. O. J. Stone entertained H. D. Barneburg and family and W. W. Blalock and family at a very enjoyable dinner party last Friday evening. Mr. and Mrs. Stone lived up to their already high reputation as hosts, which is saying considerable.

Mr. and Mrs. Frank Merriam and Mr. and Mrs. Clark Day of Long Beach, Cal., motored to this city and spent Saturday and Sunday at the home of Mr. Merriam's cousin, J. P. Dodge. They will visit Crater Lake and other points of interest before returning home.

Gave Birthday Dinner.

Mr. and Mrs. H. F. Pohland entertained at dinner last Wednesday evening at their beautiful home on the Boulevard, in honor of Mrs. Pohland's birthday. A delightful dinner was served to the following relatives and friends: Mr. and Mrs. H. C. Stock, Mr. and Mrs. J. H. Rocho, Mr. and Mrs. Roy Walker, Mr. and Mrs. A. J. Biegel, Mrs. Schilling and Mrs. Buerstatte of Ashland, and Mrs. Rehbein of Manitowoc, Mich. Mrs. Buerstatte is Mrs. Pohland's mother, Mrs. Rehbein and Mrs. Biegel are sisters, and Mrs. Walker and Mrs. Schilling her daughters.

Elected Officers.

July 16 the Ladies' Chautauqua Park Club held their annual meeting for election of officers. Twenty-three ladies were present. The balloting was lively, but "declining" was

very spirited. No one seemed to yearn for office. The following finally consented to do the honors and were unanimously elected: Mrs. Elizabeth Van Sant, president; Mrs. Harry Andrews, vice-president; Mrs. Sylvester Patterson, second vice-president; Mrs. Jennie Greer, secretary; Mrs. E. E. Miller, treasurer.

The outlook for the coming year is hopeful. The club is anxious to build a retaining wall above the city park, as it is much needed.

INTRODUCES PLATFORM.

Democratic Promises Recalled in the U. S. Senate.

Washington, July 19.—Senator A. B. Fall, republican, of New Mexico, introduced in the senate today the plank of the democratic national platform adopted at Baltimore last year which declares that "The constitutional rights of American citizens should protect them on our borders and go with them throughout the world. Every American citizen residing or having property in any foreign country is entitled to and should be given full protection of the American government, both for himself and his property."

The resolution, while it did not specifically mention Mexico, obviously referred to the present situation in that country.

Senator Kern of Indiana, democratic leader, objected to consideration of the resolution, "because it was offered under suspicious circumstances."

The matter went over without further comment.

Forty Days Rockpile for Tom Burns.

Portland, Ore., July 19.—Tom Burns, a socialist, whose arrest on Tuesday night on charges of using incendiary language caused the arrest of ten others who attempted to take his place on a soap box, is under sentence of 40 days on the rock pile. A jury of six men in the municipal court returned a verdict of guilty after brief deliberation.

Notice of appeal was given by Burns.

An attempt may be made to deport Burns, it being alleged that he is a deserter from the British navy and has never been naturalized.

Spirella Corsets.

Mrs. Myra McNeill, 190 Oak street, phone 344-L, is the only representative now in Ashland for the very popular flexible, comfortable Spirella corset.

Phone job orders to the Tidings.

WILL FIGHT WHISKEY

Millionaire Timberman Gives Twenty-five Fountains to City of Portland.

Portland, Ore., July 16.—First having provided an adequate substitute for whiskey in the form of a gift of 25 bubbling fountains for Portland, S. Benson, millionaire timberman, is fairly launched on his project to wipe out, by constitutional amendment, every distillery in the United States.

Although he is a total abstainer himself, Mr. Benson does not propose to place this constitutional amendment restriction upon the manufacture of beer or wines, because of the honest difference of opinion prevailing among medical experts as to the harmful nature of these beverages. But declaring whiskey and kindred spirituous fluid poisons, he would stamp them out "as one would stamp out a poisonous serpent in the lane." For the preliminary work of wiping out whiskey Mr. Benson has made an appropriation of \$50,000 which he will draw on as heavily as is necessary.

"I have the money," said Benson, "and I believe it my duty to use it for humanity. We have entered into this fight from the standpoint of economics. Religion does not enter into it at all. Our fight is a strictly business proposition, and will be conducted strictly on business lines. The fight may take two years or ten. I personally have nothing to win or lose, but I have seen the misery which whiskey produces. I have seen bright, energetic men in my lumber camps become worthless simply through the appetite for drink."

"Information I have gathered shows that a billion dollars is annually spent over saloon bars for liquor bearing a high percentage of alcohol. Seventy million dollars is invested in the manufacturing end of this so-called industry. This is a sore that should be removed from our national economic life. State legislatures cannot do it. It rests upon the government to take the step."

Benson believes the plan he has tentatively mapped out will not prove too great a financial catastrophe upon the men engaged in the business. He proposes to allow them five years to go out of business after the amendment becomes a law.

For more than a year he has had this idea in view. His counsel, E. E. Coovort, of Portland, has been in Washington conferring with legislators and investigating further into the liquor question.

RUMORS ARE RIFE.

Mysterious Surveying Crew Working in and Around Ashland.

The work of a mysterious surveying crew in the Ashland yards is causing considerable comment in railroad circles and renewing rumors of shops in Ashland. There have been rumors the past year that in the event of the Sacramento shops being taken from the Southern Pacific railway by the unmerger, Ashland would be the site of railroad shops which would employ about 200 men. As to the truth of these rumors it was and is impossible to get anything definite. Past experience has shown it to be the policy of railroad companies to deny the intention of making such moves, even after they were definitely decided upon, but whether or not this is the case now no one knows.

The rumors that come to the Tidings are that surveyors have been setting stakes on the forty-acre tract owned by the Southern Pacific adjoining the round-house and yards, and from remarks between the men the inference has been drawn that the site of shop buildings is being laid. Local officials declare utter ignorance as to the intent of the survey and the proverbial clam is loudest as compared with the members of a railroad surveying party.

If this is the forerunner of shops, Ashland will make mighty strides in the near future. Two hundred families will not only make business for our merchants, but will make a market for fruit and vegetables. Here's hoping the rumors may be true, while by no means sure that they have any more basis than hundreds of such rumors in the past. It behooves the citizens of Ashland not to get excited over the matter, as even should it be true, it would be a poor basis for an attempt to boost values.

With portable wireless apparatus the Swedish army has established communication over distances of 110 miles by day and of 360 miles at night.

Apparatus by which gas lamps can be lighted and extinguished by wireless waves has been invented in Germany.

TO DEPORT AGITATOR

Portland Officials Give Dr. Marie Equi Choice of That or the Penitentiary.

Portland, July 18.—As the result of last night's street uproar and rioting in which probably 50 heads were cracked and 16 persons arrested, the authorities have ordered Dr. Marie Equi, one of the most violent of the rioters, out of the state; Sheriff Word has dispatched a squad of deputies into the North End to arrest as vagrants all who cannot explain their presence there; the sheriff has sworn in a large number of special deputies to assist in quelling any future disturbances; also has held four loiterers near the Oregon Packing Company's plant on the East Side and threatened to arrest all those who loitered around there another day.

Word and the police are handling the aggravated situation with a firm hand. If the rioting in the streets at night cannot be suppressed in any other way the fire department will be asked to hose down the mob.

Such heroic treatment will not be resorted to until less drastic measures have failed. But, according to both the mayor and the sheriff, one thing is going to happen, and that is: There will be no street speaking and no use of vicious and indecent language.

The mayor issued a statement this morning warning all citizens to keep off the streets at night and by all means not to congregate around corners where disturbances are likely to occur.

The most startling development of the present I. W. W. turmoil came when Sheriff Word, after a conference with Chief of Police Clark, notified friends of Dr. Marie Equi that they could have the choice of restraining her in a sanitarium, having her committed to the insane asylum, sent to the penitentiary or removed from the state, permanently. Dr. Equi was one of the ten rioting women arrested at Sixth and Washington streets last night and one of the four who were kept in the county jail overnight. She was held under \$550 bail with four specific charges against her, disorderly conduct, inciting a riot, carrying concealed weapons and assault with a deadly weapon. When she was overpowered by Sheriff Word and Chief Deputy Frank Curtis she carried a big section of gaspipe in one hand, a heavy club in the other, and when she was landed at the city jail she stabbed Policeman Larry Evans in the wrist with a long hatpin.

A Review of W. C. T. U. Method Work.

Hundreds of visitors each day were recorded at the W. C. T. U. tent during Chautauqua session, where Mrs. M. C. Ashcraft and her able assistants made every one feel at home. There one could rest, or read the papers so kindly furnished by the editors of the same. There many chatted with friends or sat at ease and watched the children at their games. Here more friendly relationships were made with people from the various towns and outlying country.

The meetings in the arbor were well attended. The speakers included various celebrities from abroad, among them Colonel Bain and Ng Poon Chew. The latter was highly amused because we happened to turn his name wrong side round.

Many floral beauties were given and received during the session. The reception was a great success.

There will be no regular meeting of the local union on Tuesday, August 12, the annual election of officers will occur, the place of meeting to be announced later.

SEC. W. C. T. U.

Sahlin

Bust-form Corset

Visit our corset department; see the new Sahlin Bust-form Corsets. These are the fashion-garments that build slender figures to the most stylish proportions.

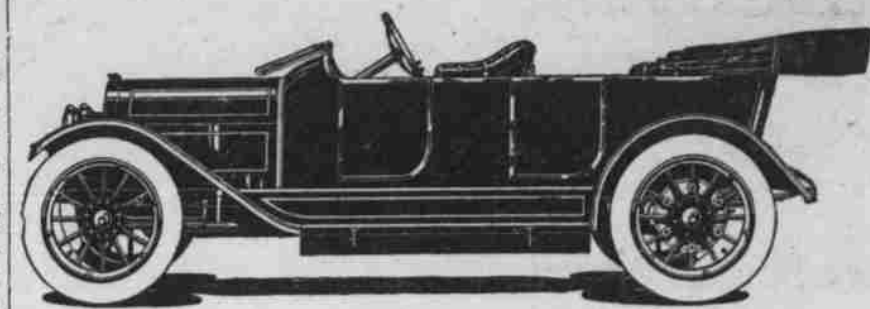

Quickly and easily adjusted; light, flexible and comfortable; no hooks, clasps, eyelets, strings or heavy steels; no padding or interlining necessary.

We offer the very latest styles for all proportions of slender figures.

BEEBE & KINNEY

ASHLAND, ORE.

Ashland Garage

Automobile owners save money by having their cars repaired by men whose main aim is to do conscientious work.

That has been a bulwark of strength to the Ashland Garage under its present management.

We know how, and when you bring your car here we FIX IT.

We guarantee first-class work at reasonable prices.

Some Tall Grain.

J. W. Millner, residing near the normal, presents the Exhibit Building with samples of extra thrifty oats and timothy, six feet and ten inches in height. Mr. Millner is also to furnish specimens of grain for the eastern land shows.

G. M. Grainger furnishes samples of alsike clover which "tip the beam" nine feet high. This was grown on his premises on Granite street, and Mr. Grainger throws in a sunflower for good measure which is nearly as high as the clover.

Bert Freeman has left at the Commercial Club rooms a cauliflower equal in circumference to a fair-sized umbrella.

Tom Praytor, living on Granite street, donates a Spanish radish a foot in length by 17 inches in circumference.

Too often the soul kiss breeds the germs of alimony.
